

CNAR 20
VIRTUAL EVENT 21

Continuously Connecting Canadian Regulators

CNAR 2021 WORKSHOP:
FUNDAMENTALS OF REGULATION
OCTOBER 4TH, 11:00 A.M.-3:00 P.M. ET

What You Will Learn: The Fundamentals of Regulation Workshop will appeal to anyone who is seeking to learn more about professional regulation in the Canadian context. This compact - yet comprehensive - program is designed to provide attendees with content that is both **practical** and **informative**, featuring presentations from experts in their respective fields in regulation.

Who Should Attend? Past participants of this highly-rated session include: staff who have been working for a regulatory body for less than three years; Board/Council members who wish to learn more about how to ensure public protection in the regulatory sector; those who may have relied primarily on on-the-job training to gain knowledge and skills in the area; regulators seeking to enhance their peer network; and individuals seeking a “sampler” of topics in regulation.

CNAR will host this online session via Zoom on October 4th, 2021, and will include breakout sessions, live polling, the opportunity to interact with speakers and facilitators, and the chance to connect with other regulators from across the country. A follow up networking coffee chat will also be scheduled in January, 2022.

Join us for this engaging, interactive session!
